WELCOME TO A NEW ERA

QUALITY INNOVATION DESIGN

What do imagination, creativity, innovation, passion, quality and excitement have in common?

They are all essential components of the world's most valued consumer products. The Sharper Image® has built its reputation on this realization, offering its customers only the best products that meet this unique set of standards.

The Sharper Image® product is something that you never knew existed until you saw it — and then you had to have it. The Sharper Image® products excel at providing real world solutions. Whether it is a massage chair, a multi-function weather station or a nose hair trimmer it is always built and designed around three core principles: quality, innovation and design. The Sharper Image® was founded on these principles and remains committed to them today.

Now in 2009, The Sharper Image® is entering into a new era as it undergoes an exciting transformation, changing from a popular retailer to a cutting-edge retail brand. Now in 2009, The Sharper Image® will become a household name more than ever before as it leaps onto the shelves of leading retailers throughout the world.

Be on the lookout for new products from The Sharper Image® that span numerous lifestyle categories, including health and wellness, beauty, home, recreation fitness and travel, just to name a few. These new products will be available for purchase in department and specialty stores, catalogs, e-commerce and television home shopping programs. Whatever category of product, rest assured that it will be consistent with The Sharper Image® values, principles and unique point of view.

Features/Benefits

Customization:

Powermat has a full array of mats and receivers for every budget and lifestyle choice...

from the man who has everything, to the mom looking to organize her family, to the techie and kids of all ages who just love their gadgets. Powermat allows consumers to create a system that meets their individual needs.

Powermat offers solutions for the most popular smartphones on today's market so that phones stay charged, counter tops remain organized, and "overcharging" is a thing of the past.

Powermat offers multiple mat variations to let consumers choose where, what and how they want to charge their favorite electronics.

Simple & Convenient:

Just plug your Powermat in once, enable your device with a receiver and drop it on the mat. That's it...no mess, no stress, no cords!

Your devices stay charged and you lose the hassle of plugging and unplugging along with the angst of running on empty.

Eliminates the tangle of wires while keeping devices organized in one central location.

Smart & Fast:

Snap on a receiver once, place your device on the Powermat surface and wireless power is yours. It's that fast. It's that easy.

Powermat technology lets you charge faster and live smarter.

Powermat knows when your device is fully charged and stops sending power so that it saves energy while protecting the integrity of your phone.

Share Music with the Sharper Image Soundbag - TSI 2900

Conventional Backpack with compartments For Laptop and Folders; Accessory Side Pockets.

Heavy Duty Shoulder Straps and iPod Pouch On Shoulder Strap.

3.5mm Headset Jack and removable Stereo Speaker With NXT Sound Technology.

Some people have found that the traditional headphones might not deliver the necessary "cool factor," and have started looking for other solutions as far as portable music is concerned. In order to meet such a need, Sharper Image has come up with the Soundbag, a rather nifty piece of technology mixed with a bit of urban fashion, promising to eliminate the limitations of diminutive portable speakers and the personal character of headphones. The Sharper Image Soundbag is a backpack with speakers, letting you share the music with (most likely) more people than you'd expect.
